

Document Library - Admin Module

Article Number: 982 | Rating: Unrated | Last Updated: Jan 4, 2019 at 8:57 AM

The Document Library has can be configured to with a folder structure, similar that the folders on your computer, where you can upload files into specific folders, or without a folder structure. Documents that are uploaded to the library without a folder structure will all reside in the 'root', or main, directory.Â
