Is there a glossary of terms mapping the Looker® Ad-Hoc Reporting and Data Management Solution terminology to the GradLeaders Career Center naming conventions?

Your GradLeaders Career Center platform data has already been modeled to make using Looker® even easier to use. But if you're not familiar with the GradLeaders Career Center terminology (or Looker®) we've created this handy glossary to help you better understand what each term means:

General Looker Terminology

- Look** = Report
- Space** = Folder to contain saved Looks
- Data Model** = GradLeaders has built the GradLeaders Career Center data architecture into Looker in a hopefully user-friendly way. This model can be easily changed and improved without GradLeaders Career Center system changes.
- Explore** = major GradLeaders Career Center Data Module
 - Examples:* Job Postings, Advising Appointments or Students
 - The GradLeaders Career Center Data Model contains many Explores*
- View** = GradLeaders Career Center Data Table or CSO Database
 - Examples:* Job Master, Advising Activity, Candidate Profile Details
 - An Explore contains many Views*
- Dimension** = Data Field found in GradLeaders Career Center
 - Examples:* Job Posting Date, Student Last Name
 - A View contains many Dimensions*
- Measure** = Pre-Defined Calculated Fields. These are not actual GradLeaders Career Center data fields, but GradLeaders added them to the model for ease of use.
 - Examples:* Count Jobs, Count Workshops, Average Salary
 - A View can contain one or more Measures.*
- Drills** (Drill-downs) = click-through details on a Look
- Custom Calculations** = Columns that a user can add to a Look
- GradLeaders Data Model Standards**
 - GradLeaders Career Center allows flexible configurations and many schools name things differently.*
 - These are the generic names used in the GradLeaders Career Center Looker Data Model.*
- Advising** = Advising, Career Coaching, Career Counseling, etc.
- Candidates** = candidates, students, alumni, members, etc.
- Employers** = employers, companies, organizations, etc.
- Employment / Job Offers** = all variations of employment data, outcomes, placement, etc.
- Events** = all variations of Employer / Company Events.
 - Multi-Company includes Career Fairs, Industry Nights, Networking events, etc.*
 - Single-Company includes Presentations, Info Sessions, Coffee Chats, and Other Events*
- Jobs** = used for Job Postings and it also includes on-campus interview jobs
- Mock Interviews** = Mock interviews, practice interviews, group advising, small groups, etc.
- Notes** = Notes, observations, etc.
- On-Campus Interview Visits** = all variations of OCR, OCI, Interview Dates, etc.
 - Visit = the main data record indicating that a given Employer is conducting interviews for one or more jobs, with one or more schedules, on given date(s).*
 - Round = a grouping of Visits with similar dates (Round, Cycle, Interview Week, Season, etc.)*
- Recruiter** = recruiter, contact, etc.
- School Staff** = all admin users
 - advisors, coaches, counselors, etc.*
 - account managers, company relationship managers, etc.*
 - co-op managers*
- Workshops** = workshops, programs, professional development, etc.
- View Naming Conventions Master** = the primary view for a given data entity.
 - Examples:* Workshop Master, Candidate Master, Job Master.
 - This will contain most of the standard Dimensions (fields) that you see in your GLCC system, including many that schools can customize (like student major or company industry).*
 - Note that there are two "masters" for the Candidate File.*
 - For most circumstances, the "Candidate Master" "Current PIDs" view will meet your needs.*
 - This view includes all of your students and alumni, across all active PIDs, and includes only their current default profile.*
 - If your school has used the system for many years, and has many old, inactive PIDs (example: "Graduating Class of 2013"), the "Candidate Master" "All PIDs" will give you a way to access and include that historical data with your current data.*
- Details** = the view where school's customizable profile fields are contained.
 - Examples:* Workshop Details, Candidate Profile Details, Job Details.
 - In the various "Details" views, all of the nomenclature is the same:*
 - Custom Field Name* = this is the label for the field / Question in GradLeaders Career Center which varies by school.
 - Examples:* Workshop Topic, Student Ethnicity, Club Affiliation, etc.
 - Field Text Value* = This is the data value for fields/questions that are text.
 - Any field that is directly typed in, and all pick list fields, have the responses stored here.*
 - Field Date Value* = custom fields with date input have the responses stored here.
 - Field Numeric Value* = custom fields with numeric input have the responses stored here.
- Activity** = transactional data.
 - Examples:* Event Candidate Activity, Advising Activity Details, etc.
