Problem: A job posting was approved at the school level, and after a period of time the status has changed from approved back to pending. Why? **Likely Cause(s):** Job posting was a multipost job and the employer modified the job posting through GradLeaders Recruiting. **Resolution:** When an employer modifies a multi post job, the change will be approved through GradLeaders. Once it is approved, the job status will default back to the individuals default job posting status. **Program Setting:** GradLeaders ControlÂ > Programs > Settings> Job Board> New Job Posting Status.
