

Ordering Module
Article Number: 380 | Rating: Unrated |
Last Updated: Jan 4, 2019 at 10:35 AM

The Ordering Module in GradLeaders Career Center allows Career Service administrators to view orders for the schools resume books that have been released. In order to allow CSO Admins greater control in selecting orders for approval, orders are able to search for a particular order by date range, item type, company, status, or order number. These results will display in the 'Matched' tab. All orders will always show on the 'All' tab. The grid that displays the orders displays the basic information about the order; Order #, Company Name, Order Date, Approval Status, and if the order is a GradLeaders Recruiting order (placed by the GradLeaders team on behalf of our GradLeaders Recruiting Clients.) The table below shows all of the different status' that and order can be in and what the status means for that order.

Status	Description
Completed	All resume books have been delivered via email and are ready to be accessed by the employer
Awaiting Shipment	The order has been approved, but has not been delivered via email because the resumes have not been released
Partial Shipment	One or more school products on the order has been delivered via email to the employer.

Note: No Status will change to Completed or Awaiting Shipment if the employer also purchased a MultiPost job posting due to MultiPost being automatically approved.
