Report Title:	Employer Search Summary Report
Module:	Employer
Parameters:	Product, Date Range
Description:	

This report shows how many times each search criterion has been included in an employer's search for candidates with the specified date range. This report includes current and past searches. This report excludes list answers that were/are not tied to employer searches. This report does not include GradLeaders Recruiting searches. Here is an example of the reports results:

Question	Answer	Search Count
Geographic - Preference	Â	Â
Â	Illinois - Chicago Metro	2
Â	Illinois - Other	2
Â	Indiana	2
Â	Iowa	2
Â	Kansas	2
Â	Michigan - Detroit Area	2

Â

 Note:

Any search criteria that has an asterisk (*) next to it is a required search criteria.

Any report with a Date Range search, it is HIGHLY Recommended that a date range be included. Not including this can cause reports to time out due to the amount of data.
