Problem: Recruiters can no longer edit the Application Deadline date or refresh a job posting for a job that is 60 days in the past. **Resolution:** The system is hard coded to behave in the following ways if the Job Posting "Expiration Date is 60 days in the past: The Refresh Job option is no longer visible on the recruiter Job Grid and the recruiter Job View The "Application Deadline Date and Expiration Date" is no longer editable by the recruiter. The setting can be found in admin under the Configuration tab>Settings>Job Board pid> Job Board tab, Job Posting "Expiration Default Note: This behavior does not apply to MultiPost jobs. "
