

Why can't I edit the schedules field when editing a visit?

Article Number: 836 | Rating: Unrated | Last Updated: Dec 19, 2013 at 4:32 PM

Issue: I'm trying to edit the number of schedules for a visit, but the schedules field is grayed out, why?

Resolution: The # of Schedules field is only available during the initial setup of a visit; afterwards, the field becomes a display only field. Any additional changes to the schedule(s) must be done through the schedules tab.
