

### Candidates cannot see the correct number of jobs

Article Number: 842 | Rating: Unrated | Last Updated: Jul 29, 2022 at 2:41 PM

**Problem:** Candidate A and candidate B should be able to see the same number of jobs, but candidate B sees 13 less jobs than candidate A does, why is that? **Resolution:** The primary reason candidates do not see the same number of jobs is due to the **Show filter**. Some candidate may have a filter enabled to only show on campus interview jobs or to include expired jobs so be sure to check if either candidate has a filter enabled. **\*Reviewed/GoodToMigrate\***
