Combine visits not working

Article Number: 845 | Rating: Unrated | Last Updated: Dec 10, 2018 at 12:01 AM

Problem: I'm trying to combine two visits for a company, but when I go to search for visits listed for that company - I get no results. **Resolution:Â** The Combine Visit utility will only allow you to combine visits when the following is true: Invites have not been finalized Schedule has not been run No students are placed on the schedule
