

How do I delete a folder that belongs to another admin?

Article Number: 847 | Rating: Unrated | Last Updated: Aug 23, 2022 at 2:45 PM

Question: How do I delete a folder that belongs to another admin? **Answer:** Unfortunately, only the admin that created the folder will be able to delete it. If a folder needs to be deleted for an admin user that is no longer with the school, please submit a support ticket to have the folder deleted. ***Outdated/Migrate***
