

Reason for No Base Salary

Article Number: 858 | Rating: Unrated | Last Updated: Nov 21, 2013 at 2:15 PM

Issue: I am testing the job offer survey before we allow candidates to access it and I'm stuck on the Base Salary section. I didn't give a value for base salary, but I did select a reason for no base salary and clicked saved, but I received a message telling me that the base salary field is required. Shouldn't the system allow candidates to enter an offer with no base salary initially? **Resolution:** The system **does allow** candidates to enter an offer with no base salary, but the base salary field does require a value; therefore, you must enter a zero for this field.
